The North Dakota County Recorders Association (NDCRA) does not accept documents with a font size smaller than 10-point; and documents or attachments that are difficult to read.

NDCC 11-18-05.a(2) states, "The printed, written, or typed words must be considered legible by the recorder before the page will be accepted for recording and, unless the form was issued by a government agency, must have a font size equal to or larger than ten point Calibri."

Example: The above letter is typed in 10 point Calibri font, which is acceptable, and this example is typed in 8-point, which we deem too small.

See below for 10-point font names.
