The Stark County Recorder is located on the main floor of the Stark County Courthouse. Stark County is a full member of NDRIN and has digitized images on NDRIN dating from March 22, 1999 to present, beginning with Document Number 3000000. All of our images are scanned but not all are indexed and verified. We are currently working on indexing our older real estate records so you may see some older records appear in your search. All Corner Records are available on NDRIN. Stark County's Plats are also available on NDRIN. When searching for plats, under the Search String enter "Plats" with no date necessary to search. If you cannot find a subdivision listed, we have digital copies available upon request in our office. If you have any issues finding what you are looking for, please call our office and we will be happy to assist you with anything you may need.
