Closed Holidays

**Julie Fischer, Recorder**    [jafische@nd.gov](mailto:jafische@nd.gov)  
Katrina Hummel, Deputy    [kjhummel@nd.gov](mailto:kjhummel@nd.gov)

Grant County is a full member of NDRIN and has all documents on NDRIN from September 12, 2007 - Document 13177 to present.

CORNER RECORDS - All corner records are now on NDRIN.

NDRIN uploads are done every Friday at 4:00pm.

As time allows, we continue to back scan our documents.

The Grant County Recorder's office is located on the second floor of the Grant County Courthouse. The Recorder's office does offer a computer terminal available to the public for record searches.

*Mineral Research Information* - For an individual wishing to research mineral interests, the only effective method is a thorough review of recorded documents. The review CANNOT be conducted by a County Recorder - county officials can make copies of specific document requested (for an appropriate fee), but may not conduct the research.

City Subdivision Searching - when searching for a city subdivision type it in as follows:  
City - subdivision name  
Example: Cason - Original

We e-record all documents except deeds.

If you have any problems accessing records, please give our office a call and we will be happy to assist you.
