Dickey County is a full member of NDRIN and has all real estate data and images as well as plats and surveys on the NDRIN site dating back to January 1, 1990, to the present.

We are currently in the process of updating our older documents to add the data to the images on NDRIN.

The NDRIN site is updated every day with newly recorded documents.

We currently have our corner records on file with NDRIN and we do not eRecord on NDRIN, at this time.

Please contact us if you have problems accessing any of our records on this site.
